Emotional, intellectual, kinesthetic response

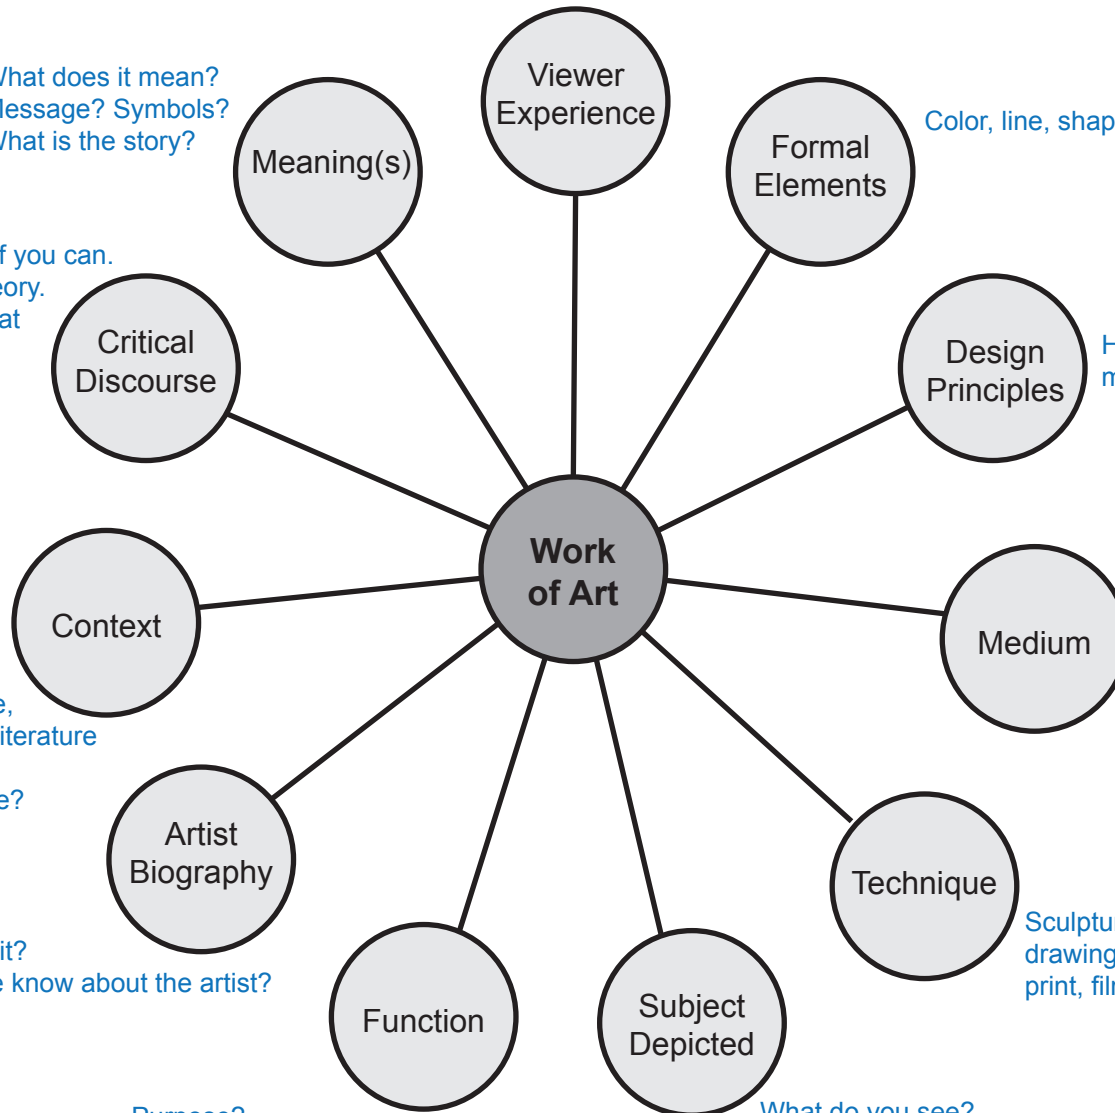

How were you meant to experience it?
How do you experience it now?
What can alter/affect/change that experience?

What does it mean?
Message? Symbols?
What is the story?

Speculation - avoid if you can.
Try not to debate theory.
Avoid discussing what
we don't know.

Conceptual

Perceptual

History, politics, sociology,
economics, philosophy, science,
art, music, dance, theater and literature

What happened during this time?

Who made it?
What do we know about the artist?

Purpose?
Themes artist wanted to explore
(i.e., human condition, cultural issues)

What do you see?
Who are these people?
What's this about?
