Strengths in
photography,
regionalist painting,
contemporary,
sculpture & early 20th
century American
painting

With support from the Gay Community Endowment Fund of the Akron Community Foundation, the Akron Art Museum designed a tour experience aimed at middle and high schoolers that explores issues of identity such as sexual orientation, gender identity, body image and race.

The artwork in the galleries serves as a springboard for engaging discussions centered on these themes, which many artists address in their work.
